To whom,

Please consider this letter to be a formal request under the provisions of the FREEDOM OF INFORMATION ACT.

On October 6, 2015, HERITAGE THERMAL SERVICES, ( HTS ), East Liverpool, Oh submitted to Reg 5, USEPA a "Request for Risk-based Disposal Approval - Liquid PCB Remediation Waste Beede Waste Oil Superfund site Plaistow, New Hampshire"

I am requesting a copy of that permit application and ANY and ALL communications (written and/or electronic) between the USEPA and HTS that relates to the HTS PCB filing. I am also requesting communications between REGION 1 and REGION 5, USEPA that are germane to this HTS request.

As a private citizen, retired, I am asking that costs involved in my request be waived or greatly reduced.

I look forward to a timely response and I thank you in advance.

Sincerely,
